

GIVE SOMETHING TO THOSE WHO GAVE

Hello,

Shelle Michaels
Veterans Tickets Foundation
Board of Directors

Most of you know me in the capacity of the National Communication Officer for Soldiers' Angels or from the Veterans Upward Bound program based at the University of North Dakota, that remains the same, but I am excited to share another venture that has some amazing benefits for veterans, military members and their families. I recently became the first board of directors member of the national organization called Veterans Tickets Foundation (Vet Tix) based in Phoenix, AZ.

Our hard work has inspired major organizations (NASCAR, MLB, NFL, NBA, NHL, NCAA, and more) across the country to donate tickets to our cause. Moreover, generous companies and private citizens are contributing their tickets along with financial support to help us purchase blocks of tickets to the most popular events in the USA. I am sharing this information as soon we will be located in every state across the nation. Keep Vet Tix in mind when you are traveling for pleasure, training or other business as you never know what entertainment we will be able to provide to you and your family for FREE.

It is my pleasure to forward these opportunities as they arise. Please share this information with others as well.

Shelle Michaels
Veterans Ticket Foundation Board of Directors

It's in the nature of veterans to step up. So these guys did.

The people who volunteer to serve their country, the ones who put their nation first and their own lives second, are the people we desire to honor everyday; not just on Veteran's Day, Military Appreciation month or the Fourth of July, but always.

Through the Veteran Tickets Foundation, now those who care about veterans have a way to give back. Everyday, in every city, there are events with empty seats that could be filled by those who have served our great nation. More than that, many event tickets are simply unaffordable for average people. We believe the events that bring Americans together in the spirit of celebration, competition and camaraderie—those all-American moments are the times we need to welcome and acknowledge our veterans, military members and their families.

About Vet Tix:

Vet Tix is a dedicated group of business people who are also primarily all veterans. It is our privilege to serve veterans and to provide an opportunity for the rest of America to express much thanks and gratitude. When veterans go to an event or their favorite sports team for free, we want them to feel a collective **"thank you"** from all of us to all of them. That's what we are committed to creating, everyday. Join us by registering for ticket information regarding where to find us next at www.VetTix.org.
